## Poetry Curriculum Overview: Writing Focus

### Teaching

Each year group is allocated three types of poetry to study, explore, comment on, create and perform throughout the year. These will either be free verse, visual and / or structured poems. When planning a unit, you should refer to the key objectives from the National Curriculum for each key stage as well as the specific components and features of each poetry type, which are outlined below.

#### You should use the structure below:

1. **Read** – spend time reading aloud and exploring a range of poems that follow the same theme / format / structure as your year groups allocated poetry type.
2. **Discuss** – spend time discussing the subject matter and themes; the language use and patterns; the structure and organisation of poem(s).
3. **Review** – write or verbalise poetry reviews, evaluations and allow children to comment on whether they liked or disliked a poem and why (year 2 onwards)
4. **Create** – children then have the opportunity to draft, edit, and publish their poems using the layout and language features of the poetry type you are exploring.
5. **Perform** - children should have the opportunity to perform, individually, in groups or as a whole class at least three times a year. This can be their own work, or a performance from one of the selected poems for your year groups.

### Famous and Classic Poems

Each year group has been allocated a range of 'famous' or 'classic' poems that children should have the opportunity to read aloud, discuss and perform off by heart (to an audience where possible) throughout the year. Teachers need to select at least two of these poems and allow the class to spend time reciting them off by heart for the purpose of performing.

A written outcome for these poems does not need to be produced, unless staff choose to use it as part of one of their poetry units.

### Useful Dates

October – National Poetry Day

March 21<sup>st</sup> Wor'd Poetry Day

From March – July – Love Reading 4 Kids Poetry Prize Competition.
